Foma Shipilov

foma@shipilov.ru · @foma2u
Moscow, Russia

EXPERIENCE

- **HSE University**
  Intern-researcher @ LAMBDA
  Lecturer @ Big Data and Information Retrieval School
  – Applying deep learning to online filtering and reconstruction of aerogel detectors
  What Machine Learning Can Do for Focusing Aerogel Detectors, Physics of Atomic Nuclei 86, 864 (2023)
  Machine Learning for FARICH Reconstruction at NICA SPD, MSU Physics Bulletin 79 S2, 906 (2024)
  – Teaching courses: Deep Learning 1, Introduction to Deep Learning
  November 2021 onwards

- **Sber**
  Manager @ Anti-Fraud Department
  Intern @ Sber AI Lab
  – Developed an anti-fraud AI solution (joint with HSE)
  – Evaluated Temporal Point Process models on MIMIC-IV medical dataset
  HoTPP benchmark: Are we good at the long horizon events forecasting?, Neurocomputing 672, 132771 (2026)
  March 2024 – December 2024

- **Huawei**
  Assistant Engineer @ Noah's Ark lab
  – Remastered TV-series using GANs;
  – Developed non-linear CNN degradation model for super-resolution of real-world images.
  November 2020 – September 2021

EDUCATION

- **PhD Computer Science, Academic Track**
  HSE University
  Currently undergoing

- **MSc Data Science** $\times 2$
  HSE University, Skoltech (Studied in English)
  2025, Academic Honors Diploma

- **BS Computer Science**
  HSE University
  2023, Academic Honors Diploma

SKILLS

- **ML & Data Analysis**
  – Computer vision, super-resolution, GANs, diffusion models, RNNs, transformers, deep learning for audio, deep Bayesian learning, mode connectivity
  – PyTorch, scikit-learn, OpenCV, NumPy, JAX, Polars, PySpark, Hadoop, Vowpal Wabbit

- **Languages & Frameworks**
  Python, C, C++, C#, Haskell, x86/ARM Assembly, HTML/CSS/JS, ReactJS, Lua

- **CI/CD & Other**
  Docker, WandB, Hydra, GitHub Actions, QuickCheck, GDB, Arch Linux, Shell, ZFS

AWARDS & RECOGNITION

- **Yandex Scholarship**
  HSE University
  2022

- **Vysshaya Liga, Math & Informatics**
  HSE University
  Degree I & III Diploma
  2021, 2022

- **Ya Professional, Math Olympiad**
  Yandex
  Prize-winner
  2021, 2022

PROJECTS

- **mars-reproducibility** [github.com]
  Reproducing MARS tensor decomposition 2023 paper
  PyTorch

- **secHNet** [github.com]
  PyTorch in Haskell from scratch
  Haskell, C

HOBBIES & INTERESTS

Alpine skiing · Hypercubing · Homelab · HRTF measurements
